THOUGHTS ON THE COVID-19 SITUATION

“Many companies will disappear, especially small ones like ours in Spain. We will have to rethink our business and how to continue ... Thanks to Kongres Magazine for this survey and the possibility of expressing ourselves in the face of such a difficult situation. We will read your conclusions”

“A disaster but health is more important!”

“We need to help each other... COVID-19 is a sickness, not the end of the world”

“It will be a big challenge not only for organisers, associations and meeting planners but also for the meeting industry suppliers. Some companies might not survive this if not supported well by their governments. Still it is a chance for new ideas, new development, strategies and a more sustainable meeting culture in the future.”

“It is an unplanned hardship that has come really hard at our industry. One can never be prepared for such a situation, but I guess people will learn from this and start inculcating clauses to cover for such eventualities while contracting.”

“I think we should use this time of less work to rethink, reorganise and prepare ourselves to be more than ready when the market and travelling industry open again. Maybe reinvent ourselves.”

“I think, especially in Italy and Lombardy where I live, that the meeting industry will come slowly to a normal situation not before the end of 2020. COVID-19 has been a tragedy for Italy’s economy but we are strong and will survive.”

It will change our industry dramatically after. Darwin will come to mind again, this will be the survival of the fittest and smartest. It looks like our business plan for 2025 will be happening sooner than we thought...”

“Many companies will be experiencing difficult times in terms of cash flow and tax payments. It depends how long it will take ... many jobs will be eliminated unfortunately. Governments must act rapidly to give financial support to the MICE and travel industry”

“If the crisis continues for more than 3 months it will ruin many businesses. Many companies will go under. We still don’t know how the market will react after the pandemic. How long the economic effect will last. Support from the governments through a package of financial measures and business solidarity is crucial in these moments.”

“Fear is a bad adviser”

KONGRES MAGAZINE'S RESEARCH ON POST-CORONAVIRUS MARKETING STRATEGIES

Survey dates: March 31 - May 18, 2020

Restarting marketing activities after the coronavirus crisis is one of the burning matters that members of the meetings industry face right now. Kongres Magazine wanted to analyse their post-pandemic marketing plans and sales strategies. This is the second survey in a series of research articles that tackle the most interesting trends in our industry. 361 meeting planners completed our survey. All data in the survey was gathered by Kongres Magazine according to GDPR regulations and their privacy policy.

NUMBER OF ANSWERS:
361 respondents

TOP PRIORITIES

- 11.5 %** – Revenue increase
- 8.0 %** – Carrying out cancelled events
- 4.6 %** – Increasing the number of events
- 2.3 %** – Increase in sales

COMMUNICATION CHANNELS

The most used offline/online communication channels during this crisis

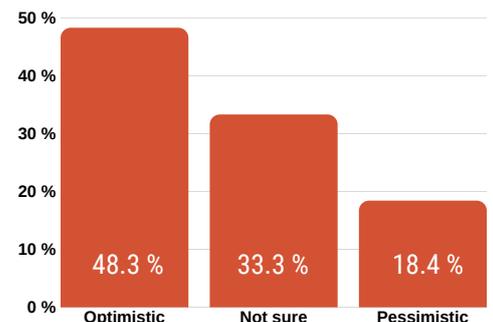

-  Social Media (Facebook, LinkedIn, Instagram)
-  Website and web portal
-  Direct Marketing (newsletter, e-mail)
-  Online events (webinars)

Sales calls will become the most important lead generation tool after the crisis.

How confident are you in the meetings industry recovering after the COVID-19 crisis?

The answers to this question showed us just how uncertain the current situation is.

Do you expect your marketing budget to change in 2020?

67.8 % expect their marketing budget to decrease, many of them have already ruled it out completely, as they believe it presents an unnecessary expense right now. **23%** think it will stay the same and only **8%** believe it will increase.

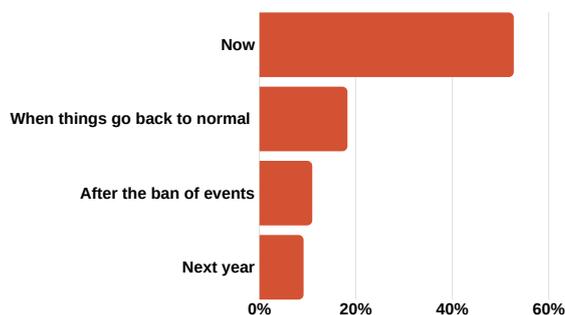

In which of the following digital distribution channels will you INVEST MORE after the crisis?

- 18.43 %** – Website
- 18.09 %** – Social (Facebook, LinkedIn)
- 11.26 %** – E-mail

KONGRES MAGAZINE'S RESEARCH ON POST-CORONAVIRUS MARKETING STRATEGIES

When do you think is the best time to start marketing your product again?

SOURCES OF INFORMATION

The most useful sources of information when it comes to finding information on event destinations or event venues:

-  Direct contacts
-  Friends and colleagues
-  Convention Bureaus
-  Google

What is the first thing you will do when the crisis is over?

- 41.0 % – Visit friends and relatives
- 16.3 % – Have a drink with friends
- 12.3 % – Enjoy a nice meal in a restaurant
- 10.5 % – Travel somewhere/take a vacation
- 5.8 % – Visit a barber and hair dresser

- 53.5 % - Neutral
- 20.9 % - Somewhat Satisfied
- 11.6 % - Somewhat Dissatisfied
- 8.1 % - Very Dissatisfied
- 5.8 % - Totally Satisfied

MAJOR CHALLENGES AFTER THE CRISIS

1. Distrust and fear of traveling abroad

The burning question... is it safe to travel?

2. Security problems with transportation

Getting people to travel again

3. Security problems during events with many people

Activate the trust in meeting

4. Cleanliness and sanitation of hotels and restaurants

Safety and hygiene of the venues

5. Overload of information

Overflow/excess of advertising coming from destinations/providers

6. New event formats

Cheaper but more flexible events

7. Low budgets

Price dropping – how to get on the same level as before the crisis

8. Market segmentation

Not all markets will recover at the same time/in the same way

WORD CLOUD

WHAT TYPE OF MARKETING WILL PRODUCE THE GREATEST ROI AFTER THE CRISIS?

- “ Online solutions where you can reach the right target group make sense. Example: if you are an international MICE supplier and you want new business with buyers from Germany you need to have: the right target group and digital awareness for your brand in line with the wishes and the needs of the German target group.
- “ Direct communication with clients, relevant online & social media presence.
- “ Regular newsletters sent to clients and agencies, sales calls and personal connections (personal contacts, lobbying).
- “ Marketing directed at current partners and clients, communications that improve reputation and highlight trust.
- “ This will not change and everyone will continue to use those digital marketing channels (especially social media, media service providers, web in general. Also it's affordable.

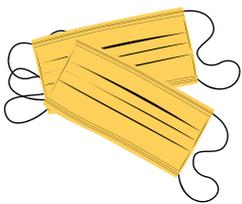

KONGRES MAGAZINE'S RESEARCH ON COVID-19 EVENT RESTRICTIONS

Survey dates: April 24 - May 7, 2020

The third survey in a series of research articles by Kongres Magazine delves into restrictions connected to organising events and their gradual removal. We wanted to know what event organisers, venues, congress centres and hotels think about the measures that have brought our industry to a complete halt. The sooner the liberalisation of socialising at certain types of events happens, the sooner restrictions will get removed.

NUMBER OF ANSWERS:

509 respondents

- **21.2 %** - Summer 2021
- **15.7 %** - Autumn 2020
- **13.5 %** - Winter 2020/21
- **6.7 %** - Summer 2020
- **3.4 %** - Never

OPINION AND ADVICE

What measures would you implement to reduce crowding in public spaces?

- By working with the venue to satisfy the requirements dictated by the local, state, & country norms as well as other common sense input.
- Using digital resources for registration management and access validation (interaction with smartphones, for example)
- Try to do dinners at open air venues as much as possible. Or organize seating like 2 and 2 at one table in case of couples which is mostly the case with incentives (guests are invited to bring their spouse to an incentive).
- Special signs on the floor, showing people where to go, handling possible crowding with extra personnel
- Line control, reduced capacity, bigger exhibition spaces, social distance seating, more employees for faster processes

What can meeting planners do for the safety of their participants?

- Education and assurance of what measures are taken.
- Take more space than needed for the number of participants so there is greater distance. Make disinfecting wipes, hand sanitizer and hand washing stations available as appropriate. Possibly survey attendees pre-event regarding COVID-19 exposure, etc. Pre-event communication with attendees letting them know what precautions the meeting or event has undertaken for their safety and restating they should not attend if they have a fever or do not feel well.
- They need to have safety and security assessment plans/procedures, which are in compliance with local Government regulations: **Space the meeting halls, disinfect all venues and rooms and public areas as often as possible and put sanitizers wherever possible.**
- Ensure health security of the venues, technical and support staff for the event, ensure safety distance between participants and provide support and monitoring services. Health security will be imperative.
- First of all let the guests be checked before taking the flight, or let them be in self-quarantine at least 7 days prior to travelling to avoid being stopped at their airport before flying to Croatia.
- Cooperate and coordinate with the providers (venues, catering, hotels) to make sure they have implemented the security measures. Control by checking in at the event entrance, temperature measures, distribution of masks and hand disinfection sprays.
- Have virtual conferences until it is safe to have physical ones again.

Survey dates: May 8 - June 1, 2020

KONGRES MAGAZINE'S RESEARCH ON DESTINATIONS AFTER COVID-19

**In your dealings with
DESTINATIONS (CVB, DMC
etc.) what annoys you most?**

PROFESSIONALISM

- Lack of professionalism
- No direct answers to questions
- Slow responses to our requests
- Lack of cooperation among local providers
- Wrong answers, promises never hold
- Lack of transparency; price over quality

CONTENT

- Generic unpersonalised information
- Not understanding briefs properly
- Less creativity within programme
- The information they offer seems generic, typical
- I am always looking for the unique, limited access, personally connected experiences and it would be nice to work with a CVB that might offer some personalised connections.

RFP'S

- Answers not clear and complete
- Sometimes their answers are too slow
- Lack of price clarity
- Secret-hidden charges
- The majority do not have a lot of influence on the local supplier network, e.g. cannot help with housing contract

OTHER

- Arrogance of the locals and close minded associates
- Forcing to choose a location which is not suitable for us
- When they only present their paid members

**In your dealings with
DESTINATIONS (CVB, DMC etc.)
what is the most positive?**

TAILOR-MADE APPROACH

- Personal tailor-made client approach
- Receiving answers and suggestions
- Saves time on destination search
- New ideas that I didn't think of
- Quick responses with targeted info
- Partnership approach

KNOW-HOW

- The knowledge of the area
- Local knowledge
- Knowledge and insight
- Getting insight from the CVB is a critical component
- Unexpected surprises on locations, hidden gems
- Suggestions and deep knowledge of the territory
- Local market knowledge, insider tips

TRUST

- Personalised guidelines
- Trustful source of information
- Feeling we are in the same boat
- Dealing as partners
- Sharing results and responsibilities
- Reliability, fulfilled expectations and contracts

EXPERIENCE

- Creativity
- Optimism
- Passion

What makes **LIVE** EVENTS successful?

Face to Face meetings are essential. People engage more. Interact more, network more.

Networking and Face2Face communication

- Nothing is better than being face to face.
- Virtual events don't create the same engagement
- Being part of it and the experience of living it!
- No matter how good the platform is, it is very difficult to network
- Live engagement is key to building and strengthening relationships
- Strong psychological component when we share experiences with others

Connections & Relationship building

- Great people
- Genuine connections, nuanced reactions
- Emotions and relations
- Direct exchange of opinions, controlled focus
- The use of all our senses

Personal contact and overall experience

- Human presence
- Meeting people in person is the most important part of any business
- Building and maintaining relationships is possible
- Contact with people, live information exchange, smiles and hugs
- The overall experience: relevant content, attendees, good venue

Content

- Appealing content, reliable and relevant speakers
- Better management of time, themes and atmosphere
- Inspirational environment
- Opportunity to come across new things, new people

What makes **ONLINE** EVENTS successful?

Time saving, cost saving, people listen more carefully, making the exchanges more effective.

Sustainability

- Eco-responsibility re: flights/consumption
- Time and cost efficient for the participants
- No travelling, hotel rooms, or eating out
- Flexibility, sustainability
- More affordable, less time consuming
- Full recording immediately after

Problem solving

- Quick problem solving and sharing of ideas
- Stay in touch with your audience even in a crisis situation
- You can join from anywhere
- Easiness
- It's possible to record and watch the whole content again

Audience

- Broader audience and a much bigger reach
- Flexible timetable
- Often free of charge
- The ability to attend for folks who are not comfortable with travel but don't want to miss out on the opportunity

Costs

- Lower costs
- Virtual events are much cheaper
- Time and travel savings

What makes **LIVE** EVENTS successful?

” The energy and excitement that happens when people come together can't be recreated through a computer screen. People want to experience a moment, an environment that is different than their usual surroundings - whether it's an event in a different destination or a chance to get out of their home/office - and live events offer this. Meeting people in person is, in my opinion, still the strongest way to develop relationships.

” The place, the environment, the service, ample space and facilities, easy to reach, low cost travel opportunities ... and the event itself, top level speakers and content, latest technology features and no issues with it. Of course your communication and promotion.. everything! No loose threads!

” The key to making Live events a success are Human Personal Interaction, networking, meeting key decision makers who are available only during these events. Post event gathering helps not only to socialize amongst fellow colleagues, but also gives an opportunity to know them on a personal level. These events give us a chance to know much about destinations, tourism boards, property owners. It also provides you a platform to meet fellow travel agents from all over the world.

What makes **ONLINE** EVENTS successful?

” Virtual events are not made to replace live events forever, but to complement them. I foresee that in the future there will be a purpose for both live and virtual events. Both will exist side by side. Budget, financial power and travel cost/restrictions may play an important role. I'm happy to chat about it.

” The transfer between the different presenters or panels should be done smoothly by a dynamic presenter who knows how.

” The only benefit I see is saving time and other resources (less people involved, there is no need for a bigger meeting venue ...)

” Virtual events, as a stand-alone format, can & will not satisfy the complexity of business events, as a marketing & communication tool. However, the virtual element will be an integral & necessary part in the future of business events.

” They can deliver a larger audience than a live event might. It's easier for people to attend as they don't have to make any effort other than sitting in front of their computer.

HOW DO WE MOVE FORWARD WITH EVENTS AFTER COVID-19?

Survey dates: July 27 - August 24, 2020

EVENT PLANNING AFTER COVID 19

This survey aims to defog the uncertain future of event organisation through the opinions of international meeting planners. We all want to know what we need for a quick and efficient business restart after COVID-19. This situation is an opportunity to reshape the meetings industry and make it more sustainable.

Number of answers: **1.297** respondents from **32** countries

What is the average size of a typical live or online meeting that you plan?

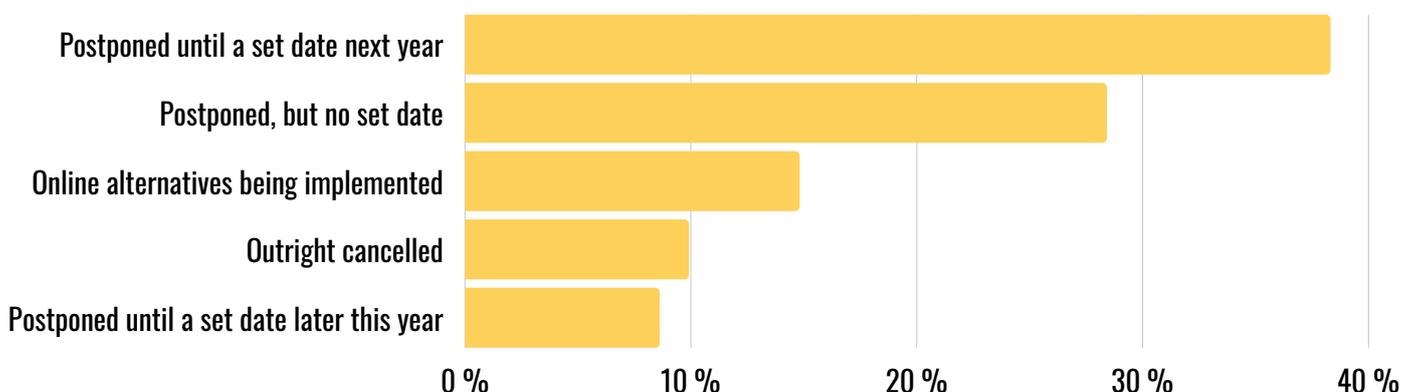

- **28,4%** 41 to 100 participants
- **21,0%** 101 to 200 participants
- **21,0%** 201 to 500 participants
- **14,8%** Over 500 participants
- **11,1%** 16 to 40 participants
- **3,7%** 1 to 15 participants

Where did you hold most of your live meetings before COVID-19?

-  **45,7%** - Hotels
-  **22,2%** - Special Venues
-  **16,0%** - Conference Centre
-  **16,1%** - Outdoor and sport venues

How are you handling cancelled events?

Most meeting planners have postponed or cancelled their events and only a few have implemented online alternatives.

Would you consider cancelling live events in favour of online/hybrid events after the COVID-19 pandemic?

- **64,2%** - NO
- **35,8%** - YES

HOW DO WE MOVE FORWARD WITH EVENTS AFTER COVID-19?

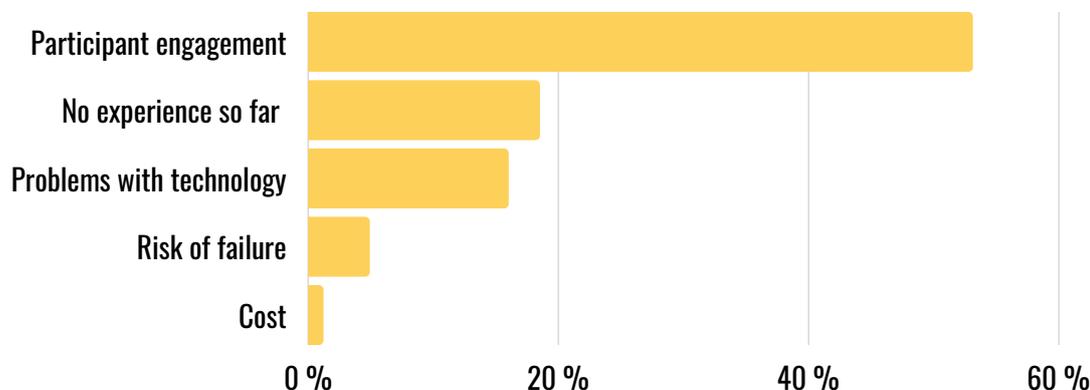

Survey dates: July 27 - August 24, 2020

If online/hybrid alternatives are being implemented, what alternatives are you using?

- Hybrid
- Zoom
- Microsoft Teams
- We either choose live OR online. Hybrid models are not the future, unless they are being planned as 2 separate events with their own planning, script and facilitators. Trying to combine a live and online event by adding a livestream and a chat does not make it hybrid. There is so much to learn and to gain for our industry, but let's not forget that we're in the business of making connections between human beings.
- We are holding short, sharp presentations sessions using a hub website with Zoom as the broadcast option
- Only tried once so far using Zoom and got mixed reactions.
- Webex platform as virtual space where we introduce different facilitation techniques.
- Eyeson Meetings
- We still do not see alternatives that can be developed as the situation is increasingly confused regarding the end of the pandemic.
- We have implemented a digital platform for virtual and hybrid events

What is the biggest barrier in organising hybrid/online events?

Our research confirms that the biggest challenge is **ENGAGEMENT** of online attendees. We still have a lot to learn in this field and it will take quite some time for the most optimal solution to be developed.

OTHER:

- Trying to squeeze a live event through a livestream channel and calling this an hybrid event
- People are all the time on the computers, they want to mingle and meet in person

Do you think carrying out online events is more expensive or cheaper than live events?

- 61,7 % - Cheaper
- 16,0 % - Much cheaper
- 12,3 % - Same cost
- 8,6 % - More expensive
- 1,2 % - Much more expensive

HOW DO WE MOVE FORWARD WITH EVENTS AFTER COVID-19?

Survey dates: July 27 - August 24, 2020

HYBRID CONFERENCE COSTS

How much do you think a hybrid conference for 100 live participants and 300 online participants costs?

- **30,9 %** - Less than 20.000 EUR
- **22,2 %** - 40.000 EUR
- **17,3 %** - 20.000 EUR
- **14,8 %** - More than 50.000 EUR
- **14,8 %** - Other

OTHER

- Depends on the duration, catering, number of speakers, speaker costs, etc.
- Depends on concept, content, tech and engagement features.
- Depends on the rental costs of the venue, the scenography, the catering.
- Depends if the live participants fly in and stay overnight

ACCEPTABLE LENGTH OF ONLINE/HYBRID MEETINGS

- **27,2 %** - 1 hour
- **23,5 %** - 2 hours
- **21,0 %** - 3 hours with a break
- **11,1 %** - 45 minutes
- **9,9 %** - 4 hours with a break
- **7,4 %** - All day is acceptable but must provide breaks
- **0,0 %** - 6 hours with a breaks

What types of events are NOT ACCEPTABLE through online technologies?

- Trade shows (68%)
- Conventions, exhibits (47%)
- Recruiting for new staff (37%)
- Sales calls (27%)
- Customer or client meetings (23%)

REFUNDS

1. Are you offering refunds to attendees who don't feel safe and want to cancel for events still scheduled?

- **70,4 %** - YES
- **9,6 %** - NO

2. Are you offering full registration refunds or credits for future events in case of cancellation?

- **46,9 %** - YES, full refunds
- **35,8 %** - YES, credit for future events
- **8,6 %** - NO, no refunds
- **8,6 %** - NO, no credit for future event

3. Are your events covered by cancellation insurance?

- **80,2 %** - NO
- **19,8 %** - YES

Surprisingly, most event planners have not insured their events against cancellation. It seems that a completely new dialogue will have to be established between event agencies and insurance companies.

Survey dates: July 27 - August 24, 2020

EVENT SPONSORS

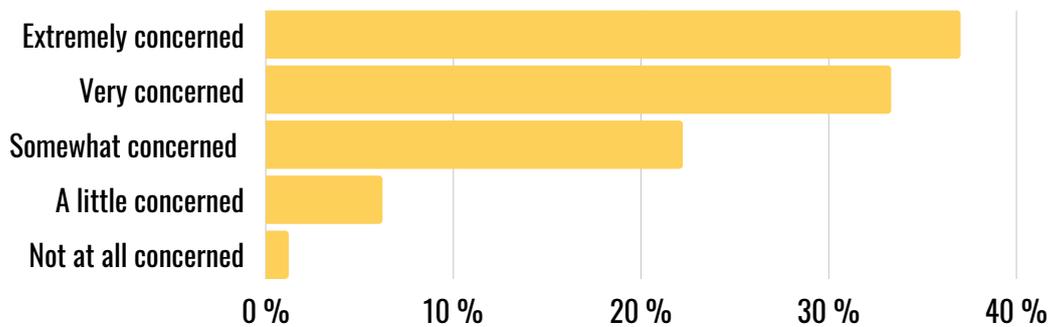

If you have cancelled one or more events, what have you done regarding the sponsors?

Answers in this segment show just how uncertain current times are. Clear sponsor policies have not been defined yet.

- **22,86 %** - Applied sponsor fees to the same event next year
- **20,00 %** - Refunded the total fee to sponsors
- **20,00 %** - We haven't decided
- **12,38 %** - Applied sponsor fees (or a portion of the fee) to a different sponsor benefit this year
- **10,48 %** - Other
- **7,62 %** - Refunded a portion of the fee to sponsors
- **6,67 %** - Asked the sponsor to donate their fee to your association/organization

How concerned are you that COVID-19 will result in less conference/event sponsorship revenue?

70,3 % of respondents are concerned about sponsorship revenue, which is quite alarming.

EVENT VENUES

Most important things when choosing a VENUE for your next LIVE event?

Priorities when it comes to choosing an event venue have turned upside down. Most meeting planners are looking for flexible spaces, a quality service and a high level of health and safety, things to be expected.

EVENT VENUES DURING AND AFTER COVID-19

Survey dates: September 18 - October 10, 2020

What do meeting planners actually expect from venues?

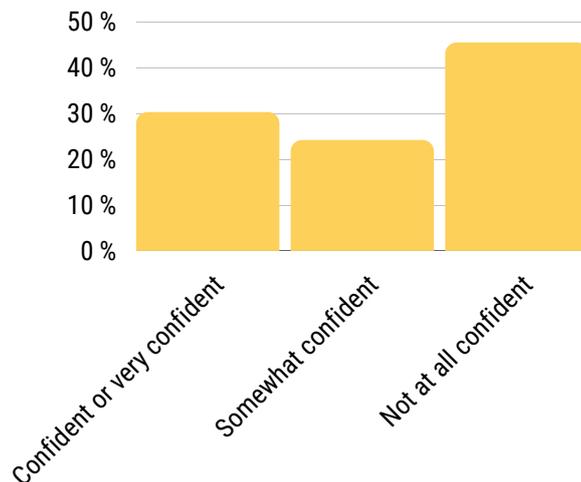

The 8th survey in Kongres Magazine's extensive research addresses the expectations of meeting planners when it comes to event venues during and after COVID-19. A lot of event venues pride themselves on being "COVID-ready" and complying with all the necessary safety precautions. But, what do meeting planners actually expect from venues during these strange times? The results of this survey will hopefully answer that question and help venues adapt to the complex needs of meeting planners during and after coronavirus.

Number of respondents: 558 (45,5% of respondents have more than 20 years of business event management experience)

- 48,5 % - Considering minimising what is placed on participant tables, mono-packaged items**
- 30,3 % - Cleaning machines handled by participants regularly**

When it comes to **cancellation fees**, what measures would you **LIKE** to see at venues in the future?

- 51,5 % - Waiving all cancellation fees**
- 48,5 % - Reducing cancellation fees/charges**
- 48,5 % - Negotiating contract obligations when event is rescheduled**
- 3,0 % - Suggestions: Flexibility on both sides so it's fair to each party.**

How should venues help meeting planner engage attendees?

- 78,8 % - Relaxation zones**
- 64,5 % - Music**
- 54,5 % - Happy hours**
- 15,2 % - Gaming and VR zones**

Write POSITIVE and NEGATIVE things when dealing with venues:

NEGATIVE THINGS

1. Cancellation fees and terms
2. Slow response time, bad communication
3. Contact person is not the decision maker
4. Not ready fo COVID reality
5. No ideas how to make events unique
6. Technical staff occasionally demotivated
7. Increased prices during COVID

POSITIVE THINGS

1. Professionalism
2. Clear instructions for organisers and attendees
3. Creative meeting space design
4. Not charging extra for overflow rooms due to social distancing measures
5. Flexibility about deadlines
6. Doing their best to keep venues safe and healthy

In your role as an event planner, is there anything else you'd like to share about your experiences during the past few weeks with venues?

Late coming is still an issue to be appropriately managed in order to avoid queues.

It seems venues are becoming more amicable when discussing postponements or cancellations.

Many hotels have outsourced cleaning staff which has really reduced the quality of cleanliness.

Safety is a must!

Stay positive!

How important are the following pieces of equipment when it comes to organising an event during COVID-19?

(5 =very important / 1= not important at all)

Number of respondents: **412**

43,8% Agency (PCO, DMC)

21,9% Independent meeting planner

15,6% Meeting planner

15,6% Other

3,1% Destination Management Organisation

Meeting planners have been racking their brains thinking about different ways of monetising events for quite some time now. The digitalisation of our industry combined with established methods of charging admission have brought new opportunities to the table. The event monetisation dilemma is very important, so we decided to analyse it in scope of our 9th research on the impacts of COVID-19.

How many events are you planning to carry out in each quarter of 2021?

Percentage of the total planned events:

12,63% - Q1 (January, February, March)

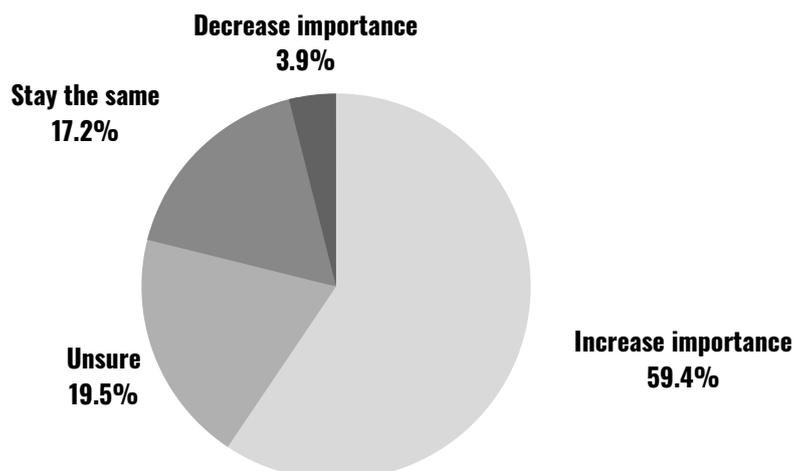

26,27% - Q2 (April, May, June)

27,60% - Q3 (July, August, September)

43,10% - Q4 (October, November, December)

70.70% of respondents are planning the majority of their events in the third and fourth quarters of 2021.

What impact do you think the coronavirus crisis will have on the importance of monetisation for your events?

MONETISATION OF EVENTS AFTER COVID-19

KONGRES
NEW EUROPE MEETINGS INDUSTRY MAGAZINE

By what percentage do you expect revenue from your events to decrease/increase in 2020 compared to last year?

Of all respondents, only **4.9%** have increased revenues, while the remaining **95.1%** recorded losses.

How will your revenue be distributed in 2021?

The vast majority of respondents are planning live and hybrid events (**57.66%** of them).

A large share (**30.31%**) will continue carrying out virtual and online events.

VALUE ELEMENTS of events

Please rate the following VALUE ELEMENTS of events based on their importance for making money.

(5 - crucial for making money / 1 - not relevant for making money)

EVENT REACH

PHYSICAL REACH: 3.75

The value of the event is defined by the physical reach.

DIGITAL REACH: 3.72

The value of the event is defined by TURF (Total Unduplicated Reach).

KEYWORDS: 3.23

The value of the event is defined by keywords. Highly positioned keywords can improve event value.

EVENT INFLUENCE

NETWORKING: 4.28

The value of the event is defined by the possibility of meeting people face2face at events and sharing your ideas.

BRAND RECOGNISABILITY: 3.97

The value of the event is defined by having a recognisable brand which opens co-branding opportunities.

INFLUENCERS: 3.56

The value of the event is defined by meeting relevant influencers at events.

EVENT CONTENT

CONTEXTUAL VALUE: 4.09

The value of the event is defined by how well content is used through different communication channels.

INTERACTIVITY: 3.94

The value of the event is defined by how well you can repack content for different platforms and still allow interactive learning.

REDISTRIBUTION VALUE: 3.34

The value of the event is defined by how well you are able to redistribute and resell content.

MONETISATION OF EVENTS AFTER COVID-19

KONGRES
NEW EUROPE MEETINGS INDUSTRY MAGAZINE

What was the biggest source of revenue for your events in 2019?

As many as **67.44%** of respondents generated revenue in the classic way with registration fees, sponsorships and accompanying exhibitions. This certainly means that there is still a lot of room for the development of new forms of monetisation.

- 29,07 % - Participant fees
- 24,42 % - Sponsorship
- 13,95 % - Exhibition
- 8,14 % - Government grants
- 8,14 % - Own marketing budget
- 4,65 % - Online/Offline advertising
- 3,49 % - Subscription
- 3,49 % - Other
- 2,33 % - Merchandising
- 2,33 % - Media rights

How do you intend to make money with your events in 2020/21?

In 2021, most respondents are betting on a higher share of funding from governments, while the share of registration fees and sponsorships will decrease slightly. However, other forms of monetisation are still waiting to be used.

- 25,23 % - Participant fees
- 19,63 % - Sponsorship
- 11,21 % - Government grant
- 10,28 % - Exhibition
- 10,28 % - Own marketing budget
- 8,41 % - Online/Offline advertising
- 4,67 % - Subscription
- 4,67 % - Merchandising
- 2,80 % - Media rights
- 2,80 % - Other

Should online events be free of charge?

The answers to this question are quite interesting, as a relatively high percentage of respondents (25%) is convinced that online events should be free. This means that monetisation will be a challenge in this area.

How much would you be willing to pay for a half-day online event ticket?

The answers to this question are a confirmation of the previous one. As many as 21.9% would not pay anything. 43.8% are willing to pay up to EUR 40.

THE FUTURE OF MICE SALES

KONGRES
NEW EUROPE MEETINGS INDUSTRY MAGAZINE

Survey dates:

27 November 2020 - 24 December 2020

Number of respondents: **745**

26,0 % - Agency (PCO, DMC)

24,7 % - Other

19,2 % - Destination Management Organisation

15,1 % - Event agency

8,2 % - Meeting planner

6,8 % - Independent meeting planner

From which markets do the majority of your clients come from?

68,5 % - International market

45,2 % - National market

20,5 % - Regional/local market

How much of your sales activities are now done remotely?

68,5 % - Almost all sales remotely

21,9 % - Partly remotely

9,6 % - Haven't changed

74%

of respondents agree that selling via remote means (online, tele, video) is **NOT** as effective as selling face-to-face.

The MICE sales process is very complex and demanding. Impulsive purchases are very rare, therefore marketing sales campaigns need to be thoroughly considered and calibrated. The corona crisis has shuffled the cards when it comes to sales and the results of this survey aim to help you plan your future sales strategy.

DEMOGRAPHIC OF RESPONDENTS:

39,7 % - Baby Boom Generation (1946 - 1965)

39,7 % - Generation X (1966 - 1980)

17,8 % - Generation Y (1981 - 1995)

2,7 % - Mature generation (before 1945)

0,0 % - Generation Z (1996 - 2018)

Do you feel face-to-face selling will revert to the same levels as before the pandemic?

41,1 % - Yes

35,6 % - No

21,9 % - Don't know

1,4 % - Not applicable

Almost half of the respondents believe that we will return to old ways in sales. The share of those who do not believe in this is also surprisingly high. This is proof that there we will definitely witness big changes in this area.

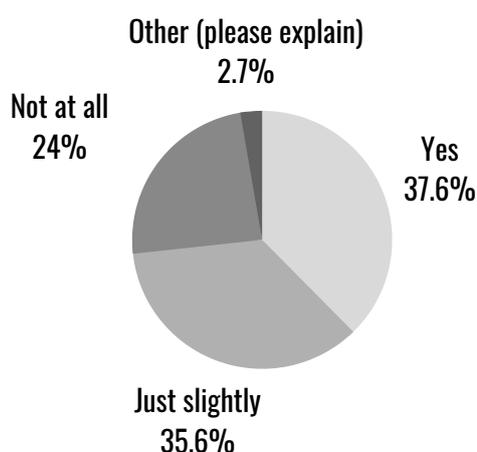

THE FUTURE OF MICE SALES

SALES BEFORE AND DURING COVID-19

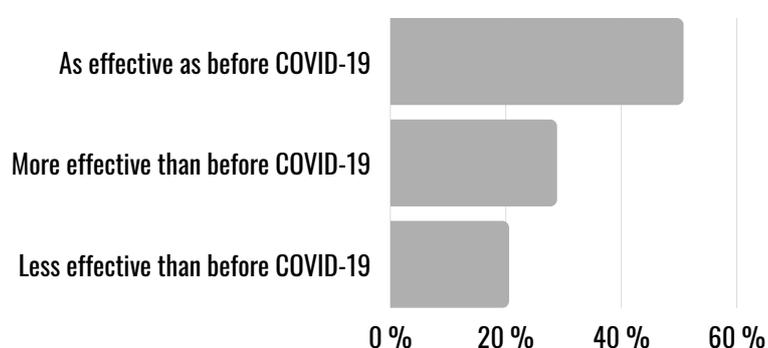

Pre-Covid-19: 75,54 % - Face-to-face Selling
24,46 % - Remote Selling

Currently: 30,41 % - Face-to-face Selling
69,59 % - Remote Selling

THE FUTURE OF MICE SALES

74,0%

of respondents feel that attending B2B trade shows will be an important part of MICE sales in 2021.

THE MOST EFFECTIVE B2B TRADE SHOWS

In your experience, which B2B trade shows have proven to be the most effective (in ROI)?

The question about B2B events provided us with some very interesting answers. We defined four clusters, according to the share of answers of all respondents. It is important to point out that almost 90% of respondents come from Europe. If the focus was on Asia, the answers would probably be different.

Cluster 1: Very high ROI

18,31% - IMEX FRANKFURT
15,02% - IBTM
9,39% - CONVENTA TRADE SHOW
8,45% - M&I FORUM

6,10% - MEETINGS SHOW

Cluster 2: High ROI

4,23% - ITB
3,89% - MCE CEE
3,76% - WTM
2,82% - MEETEX
2,82% - ILTM

Cluster 3: Medium ROI

1,41% - WTM
1,41% - VIRTUOSO
1,41% - IT&CMA Bangkok
1,41% - INDABA
1,41% - IGLTA
1,41% - ICCA CONGRESS

Cluster 4: Average ROI

0,94% - AIME
0,94% - MICE boat
0,94% - SIW
0,94% - TTG
0,94% - BIT
0,47% - WESTM

BIGGEST CHALLENGES IN TERMS OF MARKETING AND SALES IN 2021

SAFETY

- Breaking the Covid-Phobia on people will be the major challenge in 2021
- Providing safety standards to clients
- Making people want to travel again. They are really afraid
- Difficulties in having the most updated information from various destinations about which venues/hotels will be open and which closed
- Vaccine - Travel - destination recovery - Economy - regaining trust

LEAD GENERATION

- Converting leads to sales
- Collecting business cards" under the pretext of "lead generating" is long dead

LIVE EVENTS

- Restarting the tradeshow in combination with discovering the destination
- People are sick of digital - they want to meet in person again

CREATIVITY

- Launching creative products and innovative approaches in selling
- 2021 might be a busy year in various platforms and crowded with millions of messages. Clients will be attacked by suppliers, while everyone will wanna get their slice of the pie! It will also be a year of price wars, not the year, where value for money offers win.

F*!#UP'S AT EVENTS

Survey dates: **5 January 2021 - 1 February 2021**

The first Kongres Magazine survey of 2021 is slightly different than usual. We are all aware that Mr Murphy is waiting for us around every corner when organising events. We also know the saying: "What can go wrong, will go wrong". This survey is dedicated to finding out how meeting planners deal with F*!#UP's at events.

When something unexpected happens that could ruin our event, we need to learn how to keep a sober head. At that moment, we are trying to resolve the situation and not look for the culprit. In order to prepare for the risks connected to organising events as best as possible, we would like to share your experiences with the readers of Kongres Magazine and help fellow meeting planners.

NUMBER OF RESPONDENTS: 766

- 31,0 % - Agency (PCO, DMC)
- 27,6 % - Other
- 15,5 % - Destination Management Organisation
- 15,5 % - Meeting planner
- 6,9 % - Event agency
- 3,4 % - Independent meeting planner

DEMOGRAPHIC OF RESPONDENTS:

- 48,3 % - Generation X (1966 - 1980)
- 34,5 % - Baby Boom Generation (1946 - 1965)
- 13,8 % - Generation Y (1981 - 1995)
- 3,4 % - Mature generation (before 1945)
- 0,0 % - Generation Z (1996 - 2018)

For your last major event, did you:

- Postpone it - **42.1 %**
- Pivot it to virtual - **26.3 %**
- Cancel it - **22.8 %**
- Host it normally - **8.8 %**

For your next major event, will you:

- Host it normally - **34.5 %**
- Pivot it to virtual - **32.8 %**
- Postpone it - **31.0 %**
- Cancel it - **1.7 %**

What factors most often lead to problems at events?

- 44,8 % - **EXTERNAL FACTORS** (crisis, political situation, natural disasters, ...)
- 32,8 % - **EXTERNAL AND INTERNAL FACTORS** (equivalent to external and internal causes)
- 12,1 % - **OTHER** (please explain)
- 10,3 % - **INTERNAL FACTORS** (wrong business decisions, employees, inefficiency, ...)

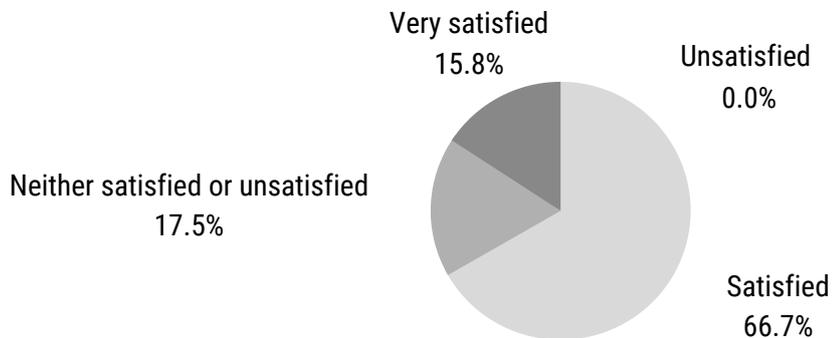

OTHER:

- No chemistry and cooperation with the client
- The stubbornness of the client
- Not being thorough enough
- Poor quality of services from local suppliers/venues
- Things you can not control (storms, loss of electricity)
- Lousy organisation
- Incompetence and inefficiency of subcontractors
- Lack of understanding of the process by the client.

THE MOST IMPACTFUL GLOBAL RISKS IN 2021

- Economic Slowdown / Slow Recovery after Covid-19 **12.2**
- Business Interruption **8.6**
- Fear of travel extending over long-term **8.5**
- Impact of the crisis on airline service, routes, pricing, etc **8.2**
- Cash Flow / Liquidity Risk **7.8**
- Regulatory/legislative changes **7.0**

- Damage to Reputation / Brand **6.0**
- Loss of destination marketing companies to support **4.5**
- Cyber Attacks / Data Breach **4.5**
- Failure to attract or retain top talent **4.1**

How satisfied are you overall with your subcontractors?

What are the most important factors when outsourcing a contractor?

- **76,8 %** - Professionalism of staff
- **58,9 %** - Flexibility
- **57,1 %** - Approach and attitude
- **35,7 %** - Price flexibility
- **33,9 %** - Time efficiency
- **26,8 %** - References
- **3,6 %** - Other

What kind of relationship are you in with your subcontractors?

- **63,2 %** - Contractual relationship
- **35,1 %** - Partnership
- **1,8 %** - Other

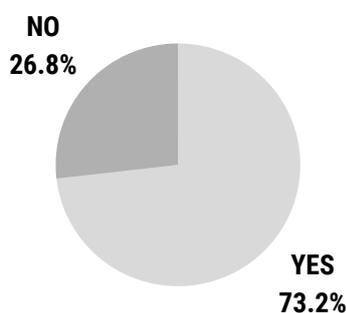

What do you think is the most common problem that causes a F*!#UP?

- **57,9 %** - Poor planning
- **49,1 %** - Bad project team communication
- **43,9 %** - Unprofessional organisation
- **31,6 %** - Uncoordinated work scheduling
- **29,8 %** - Too much improvisation
- **22,8 %** - Disagreements between all parties
- **17,5 %** - Bad relationship with the client
- **17,5 %** - Lack of financial resources for achieving quality

THE MOST IMPORTANT RISK INDICATORS

- **4.21** - Indicators related to team and staff quality
- **4.20** - Indicators related to the content of the event
- **3.95** - Indicators related to event logistics
- **3.82** - Financial indicators
- **3.46** - Indicators related to innovation
- **3.34** - Indicators related to sales and marketing

In the case of sudden problems or complications, we have a crisis scenario in place for every event.

How often do you monitor risk indicators at your events?

- **50,0 %** - Occasionally
- **28,6 %** - Daily
- **10,7 %** - At the end of every quarter
- **7,1 %** - Other
- **3,6 %** - Never

How far do you agree or disagree with the following statements:

(5 - I agree completely / 1 - I do not agree)

- **3,96** - A contract is not a guarantee that the event will be successful
- **3,88** - Events are successful if they are organised by professionals
- **3,78** - Events are more successful when partnerships are formed
- **3,41** - Contractors are a bottleneck in organising events
- **3,35** - Technology is a bottleneck in organising events
- **3,19** - Changes in how events are organised are self-explanatory

GENERAL AND MOST OFTEN F*!#UP

- Technical issues (it works, but when the event starts, it suddenly doesn't anymore) leading to a poor first impression
- Lack of detailed planning / Lack of clear goals for the event / Lack of an overall vision by client and contractors
- No WOW effect. The event does not leave any significant value for participants
- Weather-related issues (open-air spaces) and loss of power
- Speaker is not on site (flight or disease issues)
- Attendees forget to tell us their dietary needs. And then they complain there are no vegan meals
- Mismatch of client's expectations and a realistic event scenario
- Transfer companies not following the procedure and the client not being able to find the car/driver
- Services provided by subcontractors do not meet requested requirements
- The agenda is set too late, speakers send the materials too late and even then the content is not final...
- Choosing a venue that is either significantly too large or too small. The participants felt lost in space or crowded
- Not enough participants, lousy marketing

ADDITIONAL ANSWER:

Creativity! Event planners are so busy and so demanded that they do not have the time to oversee every aspect of event organization and also being creative. Creativity is expected but yet few companies (DMC, event agencies) prepare their employees to be creative. Creativity demands time, it needs to be nurtured, it's a process.

COMMUNICATION F*!#UP

- Poor communication between participants and media / Poor communication between client and organiser
- Last minute "small" changes of the event set-up, timing or flow that end up having a massive domino effect
- Not putting things in writing
- Typos or wrong spelling of certain brands - sometimes funny but most of the time embarrassing
- Everybody in the project team knows it better. Everybody is talking, but nobody is listening.
- Sending out messages to delegates without letting them rest and finding errors in them
- Not listening to what DMC agencies have to say
- Wrong communication channel evaluation
- Lack of coordination between the organisers and all stakeholders
- Communication of prices and VAT (included or excluded)
- Staff at the registration desk not having relevant information
- Confused participants due to bad communication on the event website

ADDITIONAL ANSWER:

Agents from abroad did not transmit the message from DMC that it is going to rain in the period of the event, so they did not buy umbrellas. I ended buying 100 umbrellas on the spot, and of course, I needed to go to 4 different shops. This could have been solved elegantly with better communication and listening to what a DMC has to say.

TECHNICAL F*!#UP

- Bad internet connection
- Problems with AV equipment
- Unreliable partners and old material
- Bad technological support. It is much easier to underperform in virtual events
- Not having backup microphones, chargers, batteries, projectors etc.
- The possible gap between the promise and the delivery of tech services
- Not having enough time to soundcheck and rehearse
- Lack of technicians in the meeting rooms
- No plan B in place
- Power failure, infrastructure malfunction
- The projector was so poorly lit
- Collapse of internet connection when participants should start voting using their mobile devices

ADDITIONAL ANSWER:

A hotel in Dubrovnik swore some 20 years ago that they had excellent Wi-Fi. We trusted them, but then the internet crashed when 200 attendees connected to it during their lunch break. We were of course to blame and not the hotel.

LOGISTICAL F*!#UP

- Not being able to ship event and marketing materials to certain countries
- Due to traffic, the materials didn't get to the right place on time
- Unreliable local partners
- Sending the signage to the wrong person and the wrong hotel address
- Devices in customs
- Problems with transport companies, broken lorry, buses being late
- Venue going out of business
- Problems with transportation
- When transportation companies subcontract drivers who don't know the area or the directions
- Not enough seats in a room
- Not considering access to the venue. Simple questions like a place to park huge buses if necessary
- Running out of food

ONLINE EVENT F*!#UP

- Wi-Fi drops / Poor Wi-Fi quality / Losing audio or internet connectivity of a speaker
- People constantly unmuting themselves
- Unreliable video conferencing platform and connection
- Poor moderating on the event
- Too many speakers
- No cohesive thread of the event
- Problems with screen-sharing presentation
- Driven by the cost "argument/factor" a patchwork of online technologies leads to under-performance
- The speaker appears too late
- Bad audio, video, lighting, background, etc.
- When people think that their camera is not working and they show us too much
- When the camera is working and people keep asking: can you hear me, can you see me?
- For the first 5 minutes, participants could not hear the speaker because a certain button was not clicked

When do you expect to be able to host in-person events again?

31,6 % - Q3 2021

22,8 % - Q4 2021

21,1 % - 2022

15,8 % - Q2 2021

8,8 % - Q1 2021

Are you satisfied with how event industry associations are representing events and dealing with the crisis?
